From the Director of Digital Resources

We live in a world immersed in cyber activity, the vast majority of which is informative for learning, helpful or good for relationships. The College, for example, has almost 1600 active network users on site daily, stores 3.8 million files in OneDrive, and in any one day can process more than 22,000 emails. We also are very aware that some of the activity can be intrusive, malicious and dangerous.

For this reason, the College invests in an industry-standard firewall that constantly searches and learns from the internet what to monitor and block and what to accept as safe. College sites use the HTTPS security protocol and we use Microsoft cloud to enhance our online security. We have separated VLANS for staff and students, lock down most administrative rights on student devices and protect the ELC and Primary and Middle and Senior systems with dual fibre pathways.

While the above has served as well, our next steps are to invest in real-time offsite backup and redundancy, extend Microsoft Defender for Endpoint to all devices and add multi-factor authentication to logins. These come at cost and take time, but the benefit is an enhanced, secure online experience for our students and staff.

From the College Chaplain

Hi, I'm Mark and I am the College Chaplain here at Concordia.

What is a chaplain and what do they do?

The first thing to say is, I am not a Pastor – everyone asks, so I'm just putting that to rest. I do however work with two Pastors, and most wonderful ones at that! This is a new role here at Concordia, put in place to support the College Pastor (Ps Dale) and to work with the Pastor (Ps

Andrew) of our partner church, St John's Lutheran Church, Unley. It is a varied role, but the most fundamental part is to support and encourage staff, students and parents in the involvement and understanding of the spiritual life and Christian culture of the school. The role includes working across the College, but for me, most of this work occurs in the ELC and Primary School (Ps Dale works more at the Middle and Senior School). I lead and coordinate the Chapel and devotion life for the ELC and Primary School, and I also assist teachers to be resourced to lead their classes in spiritually focused activities. This year has certainly presented several challenges in that space, firstly not having a large indoor area while the building program is happening and then the COVID-19 curveballs which have meant we haven't been able to meet as a school. Pre-recorded Chapels have been the order of the day!

In my role as Chaplain I also support new staff coming into the school by helping them formally through professional development, but also informally in helping them understand how a Lutheran school ticks, i.e. what we value and how we live together in community. The other significant part of this role includes coordinating service-learning projects across the College. This involves helping students understand the importance of service and compassion to one another, but also extending that to supporting people in need through various local and global agencies such as Australian Lutheran World Service. Some of these projects are campus-specific and others are spread across the College.

If you would like to know more about the spiritual life of the College or how service learning occurs, please contact me anytime.

Middle and Senior School

The Sports Day, held on Thursday 17 March, was an excellent day, where the participation by so many students and the joy on so many faces reinforced why events such as these are even more important in 2022. Congratulations to all students who participated and cheered so enthusiastically, and special congratulations to Winchester for their win on the day. I also want to pass on my thanks to all staff for their efforts to allow the day to proceed and particularly to David and Sue Serotzki and the Sports staff for the mountain of planning that goes in to ensure a successful day.

There are so many other wonderful examples of what makes a Concordia education so special and I would like to highlight one that happened behind the scenes and without fanfare in the last fortnight. I literally stumbled upon it as I was heading to the oval at the start of lunch recently to supervise students playing on the oval.

As I arrived at the edge of the oval, I observed a PE class in the distance. They were taking turns at kicking a soccer ball at a set of goals. Nothing unusual about that, but as I approached the group, I noticed that the person preparing to shoot was wearing a blindfold and a guest of the teacher was tapping the three sides of the goals with a stick to make a sound that signalled

the direction to shoot. Stopping to watch, I asked the teacher what was happening. He explained to me that he has a student in the class with a vision impairment. So, he had arranged a visit from Andrew Whisson of SA School and Services for Vision Impaired to set up a simulation which allowed all the students to experience what it is like to have a vision impairment and to therefore build empathy and understanding. When the lesson finished, the group remained for a period chatting with the staff about what they had experienced. There was no rush to race off to lunch even though the bell had gone minutes before. They were clearly engrossed in the learning.

Taking the time and effort to arrange such an activity is an example of a Concordia teacher going the extra mile for students to enrich learning and to bring it into reality. Extraordinary!

Q&A with Matthew Tothill, Year 6 Teacher

1. Where were you before this and what persuaded you to join Concordia College?

I was at Prince Alfred College for 12 years. I moved to Concordia because of its core values and direction.

2. Three words to describe you.

Open-minded. Optimistic. Reflective.

3. What is your motivation or inspiration in your role?

Seeing a student's confidence grow and knowing that I helped.

4. If you had a superpower, what would it be?

Flying - petrol’s expensive!

5. Who would you invite to a dinner party of six guests and why?

- Jesus - for obvious reasons.
- Leonardo da Vinci - for his knowledge.
- Socrates - for his questions.
- William Shakespeare - for his creativity.
- David Attenborough - for his stories.
- Stephen Fry - for his humour.

Q&A with Emily Byrne, Christian Studies Teacher

1. Where were you before this and what persuaded you to join Concordia College?

In Semester 2 of 2021 I had the privilege of working with the Diverse Learning Team and Drama Faculty at Cabra Dominican College. I am a big believer in the value of inclusive learning and performing arts, so my experience there was very rich and memorable. Prior to Cabra, I was here at Concordia College in Semester 1, filling a short-term contract, predominantly teaching Psychology, and the occasional relief lesson.

2. Three words to describe you.

Creative. Organised. Enthusiastic.

3. What is your motivation or inspiration in your role?

As a Christian Studies teacher the easy answer here is to say ‘Jesus’. Jesus is widely recognised as one of the greatest teachers of all time. People who heard him teach in person were “amazed” and it’s hard to go past his example as the gold standard of teaching. I admire the way that Jesus communicated with people from all ages, backgrounds, needs and abilities in a way that addresses the things that really matter.

4. If you had a superpower, what would it be?

Invisibility... or flying. It’s too hard to choose!

5. Who would you invite to a dinner party of six guests and why? Alternatively, tell us something you might like to share that we could not possibly know?

People are often curious about my surname and my cultural heritage. My surname “Byrne” is my husband’s family name. Both of my parents are Chinese from Malaysia. They moved to Adelaide (independently of each other) to finish their high school education. I was born and raised in Adelaide, and hence the Aussie accent.

Middle and Senior School Sports Day

This was a year that challenged like no other. COVID-19 restrictions prevented House meetings and any preliminary trials so the House Coordinators and Age Level Captains faced a somewhat difficult task when pulling together event nominations. Then, absences in relation to COVID-19 forced last minute changes. While there will have been some whose involvement was more disadvantaged than others by the difficulties, we will review and learn in our ongoing effort to make this significant event inclusive and enjoyable for as many as possible.

Though it was humid, we couldn’t complain about a 29-degree day. Winchester was, for the ninth consecutive year, the victor, but the essence of the day was on show for all to see - fun

through competition, excellent athletic performance, grit and determined effort from others less blessed with athletic prowess, and sacrifice toward team goals. We now look forward to what might be achieved by Concordia College at the upcoming SSSA event in Week 11 of Term 1 and in September at the Achilles Cup and IGSSA days for boys and girls respectively.

Year 2 'Significant Places' Excursion and Incursion

As part of our unit exploring ‘Where We Are In Place And Time’ and looking at Significant Places, the Year 2s recently visited the Warriparinga Wetlands (also known as Southern

Cultural Immersion) in Marion.

Students gained first-hand experience in the traditional Aboriginal practice of weaving, learnt about bush tucker (and had the opportunity to try some) and learnt about The Tjilbruke Dreamtime Story as well as building a wurlie (Traditional Aboriginal Shelter).

This week the Year 2 students also had a visit from Trent Hill, a Noongar man from South-West Western Australia, who shared an Aboriginal Dreaming (Dreamtime) story. Trent also brought along Aboriginal artefacts and educated students in how these tools were used, such as using different boomerangs for differing purposes. A highlight of Trent's visit included viewing clothing items made of kangaroo, and learning about respecting the land that we live on. The students thoroughly enjoyed Trent's demonstration of the yidaki (didgeridoo) and listening to Trent's explanation about the significance of the school's red river gum trees.

International Women's Day Virtual Breakfast

It was my great pleasure to host Concordia College's International Women's Day (IWD) Breakfast on Friday 11 March in The Suaviter. After welcoming remarks from Head of College, Paul Weinert, our Student Leaders, female leadership staff from ELC-12 and others enjoyed a sumptuous breakfast provided by the Concordia Café. We were lucky enough to watch the livestreamed IWD event, hosted by Sonya Feldhoff and featuring Senator Penny Wong interviewing 2021 Australian of the Year, Grace Tame. The message was clear: the fight for gender equality today will lead to a more sustainable tomorrow. Tickets purchased for the event raised funds for UN Women Australia, which offers support to the millions of disadvantaged women in the Asia-Pacific region.

ELC and Primary School Redevelopment Update

The ELC and Primary School Redevelopment is progressing well and it is exciting to see both areas taking shape. Some recent progress updates are included below.

Early Learning Centre

- The Primary School Hall area is being transformed into the ground floor of our new ELC area, catering for 70 children aged three and four. On the first floor will be new staff facilities and an extension of the music area.

- Work has progressed in this space to wall framing and first fix on both floors and all the new rooms and areas are established. It was great for our ELC Director, Kate Wood, to have her first look at this new area.
- It is anticipated that 2022 ELC students and staff will move to these new areas in July 2022.

Three-storey building (Resource Centre and classrooms)

- The new three-storey building is taking form on old basketball court site, with the lift shaft and stairwell now in place.
- The concrete pour of the first floor was completed on Tuesday 22 March and work is commencing for the pouring of the second floor.
- Primary School Staff had their first look from the first floor and are really impressed with the size and view from this area.
- Once the building structure is completed, work will commence on a new playground in this area.

It is always exciting when new milestones are achieved, such as the first fix in the ELC and first floor pour on the three-storey building. We look forward to sharing more updates in the weeks ahead!

Primary School Sports Day Banners

On Tuesday, our Primary School House Captains gathered to make banners and signs of encouragement for their Houses, in preparation for the Primary School Sports Day this Friday. It was great for the team to have the opportunity to work together and have the support of Senior School House Captains as well.

Looking forward to a great day of competition tomorrow!

Creative Collaboration for Prayer Jar

Over the last couple of weeks, students and staff have had the opportunity to express their care and concern for Ukraine by writing prayers and placing them into a collective prayer jar. The jar is adorned with a warm bronze and black sign that was the result of quick, creative collaboration. The symbols of love and peace were chosen by Year 10 student **Donay 10SBAB**, who volunteered her time to produce the artwork which was then given to the Design, Technology and Engineering team to laser cut and mount onto the jar. We hope that this will offer members in our school community one practical, beautiful way to manage feelings of worry or sadness as the situation in the Ukraine develops.

Emily Byrne
Christian Studies Teacher

“ Rejoice in the Lord always. I will say it again: Rejoice! Let your gentleness be evident to all. The Lord is near. Do not be anxious about anything, but in every situation, by prayer and petition, with thanksgiving, present your requests to God. And the peace of God, which transcends all understanding, will guard your hearts and your minds in Christ Jesus. ”

Year 12 Drama Production - Book your tickets today!

On behalf of the Concordia College Year 12 Drama class of 2022, it’s with great excitement that we release the sale of tickets to their production of Stephanie Clark’s ‘And Now We Wait’, going on stage in the Drama Centre in Week 11.

‘And Now We Wait’ is a gritty tale of regular teenagers who find themselves in an irregular situation; it is the story of how a shared experience affects individuals in different ways.

The play follows five teenagers who barricade themselves in an old school theatre during a school lockdown. While they nervously remain hidden, waiting for the nightmare to end, the group faces truths about themselves and what is ultimately important to each of them.

Due to content, this play is suitable for audiences 15 years and over.

Book tickets online (opens an external website in a new window)

We look forward to seeing you at the theatre!

Year 6 German Excursion to Hahndorf and Incursion with Bund der Bayern

On Tuesday 15 March the Year 6 classes took part in a cultural learning experience visiting Hahndorf for a historical walk and tour of the famous town. It also incorporated a visit to the Cedars where Sir Hans Heysen lived and painted many of his famous paintings. At the Cedars, students also learnt about the special significance the land where the Cedars was built has for Indigenous Australians.

In the afternoon, students were treated to an interactive performance by “Bund der Bayern” the local South Australian Bavarian dance group. Students had the opportunity to learn the famous “Schuhplaettler” dance as well as experience traditional bell ringing and the piano accordion. The experience was organised as part of our ‘Where We Are in Place and Time’ inquiry into the Central Idea: ‘Human migration is a response to challenges, risks, and opportunities’.

Students were able to see the impact migrants have had on South Australia since the arrival of the first German settlers in the 1830s through architecture, anecdotal stories of migrants and their plight, talks from a variety of different people and interactive displays. The overall experience of the day enabled students to appreciate and celebrate the many diverse cultures we have here in South Australia and learn in greater depth how these continue to shape and influence our culture as a whole.

Yangadlitya Resource Centre Update

The start of 2022 has brought along some changes to the library with several staff departing for other opportunities. We welcomed Mrs Mel Phillips in late February as our new Resource Centre Technician. Mrs Molloy and Mrs Mitchell are still helping Mrs Phillips become familiar with Concordia. Students are welcome to drop by to say 'Hi' at any time, especially to talk about Harry Potter, YA books, pets or manga, her special interest area. Mrs Phillips will be running a Manga Club on Tuesdays at lunchtime in the YBR.

The library opening hours are:

- Monday, Tuesday and Thursday: 8am – 4.30pm
- Wednesday and Friday: 8am – 3.45pm

We are always looking to make the library more accessible, so if you have a suggestion, drop

by to tell us in person, or email us! Requests for new resources are also very welcome. Either email us or add your request to the list – don't forget to include your name so that we can notify you when the item you requested has arrived. This is your library – help us make it your dream library!

You might be wondering how to access our resources when you are at home. Please note:

- you can access the catalogue via the AccessIT OPAC tile on SEQTA
- you can access ebooks and audiobooks via the eplatform (Wheelers)
- you can access videos via the ClickView tile on SEQTA;
- and you can email library staff with any questions.

Parent borrowing is welcome, we have a collection of Senior Fiction books that include popular and new release titles.

Hajnalka Molloy
Learning Resources Manager
