Academic Scholarships

Year 7 and Year 8 entry in 2023

Introduction

The ACER Scholarship selection and entry test identifies the highest achieving students within a group of high achievers. The test provides reliable information on performance across a range of achievement factors focused on three criteria: comprehension and interpretation; written expression; mathematics.

On the basis of these results, up to six academic scholarships in total are awarded to prospective or continuing Year 7 and Year 8 students. Academic scholarships provide partial remission of tuition fees for up to six years.
