

Volunteers needed for an online survey (and an optional online focus group) to explore the recess and lunchtime activity choices of girls in their first year of secondary school. To participate in this study, you will need to identify as a girl and be in your first year of secondary school in South Australia. This may mean that in 2022 you are in either year 7 or 8 depending on what your last year of primary school was in 2021 (either year 6 or 7). You will need your parent/guardian's permission before participating. To access the online survey (which includes the permission forms), scan the QR code on the flyer or click on the following link:

School break time activity choices of girls in their first-year of secondary school

We seek volunteers who identify as a girl and who are in their first year of secondary school to undertake an online survey

(and/or an optional online focus group discussion)

that explores the factors that influence what you do during recess and lunchtimes at school.

In 2022, this may mean that you are in either year 7 *OR* year 8 depending on your last year of primary school in 2021. You may have moved schools from primary to secondary school or gone into secondary schooling without changing schools (F/R-12).

You will need parental/guardian permission to participate in this study. Simply scan the QR code to complete the online survey.

*You could win
1 of 10 \$35
Prezzee Gift
Vouchers*
